

## Cataloging With The Homosaurus: The Theory And Practice Of Classifying Queerness

 Thursday, October 26

 7:00 p.m. - 8:00 p.m.

 Register:  
<https://bit.ly/MIColloquium-JayColbert>

Join us as we welcome [Jay L. Colbert](#), the Omicron Chapter of Beta Phi Mu's 2023 Speaker of the Year, for an engaging evening showcasing his contributions to the [Homosaurus](#) - an international LGBTQ+ linked data thesaurus. As an esteemed editorial board member of the Homosaurus, Jay offers a unique perspective forged at the intersection of history, library and information science, and the vibrant world of queerness within gallery, library, archives, and museum (GLAM) collections.

Discover:

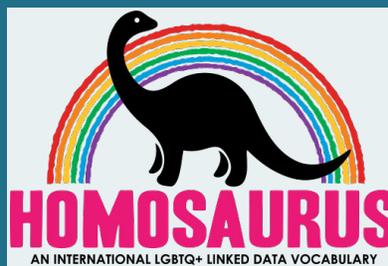

- The fascinating history and evolution of the Homosaurus linked data thesaurus.
- Best practices for optimizing the Homosaurus within GLAM collections.
- The challenges of categorizing queerness.
- A guided tour through the ever-changing landscape of classification.

Jay L. Colbert (he/him) is the Library Director at The Longy School of Music of Bard College.
